- Following the primary election on June 8th, the Committee will reassess the slate of candidates for consideration for endorsement in the general election.

# Disclaimer for endorsement procedure 2021

*The EC reserves the right to withhold applications for endorsement when the candidate does not meet the criteria for endorsement. For example, some candidates' positions on reproductive rights are well known, and may be obvious on their websites or by their voting records. The EC may choose to not endorse a candidate in a race where there is more than one outstanding candidate, and one candidate is not sufficiently distinguished from another candidate. The EC will consider the totality of circumstances in each race, as well as the qualities and potential of each candidate, before endorsing.*

*Endorsements will be emailed to each applicant and announced on our website.*
